Dear Noel

NOTICE: DVLA/20101119/D321 FDX
Notice of Understanding & Intent and Claim of Right
Notice to the UK Government Appointed Executive Agency – DVLA
Regarding De-registration of Private Conveyance D321 FDX
19th November 2010

Without Prejudice

Further to my earlier Notices to you last year initially dated 25th November 2009 and the subsequent Notices sent to your representative Andrea L Black; P&ECD Casework & Specialist Advice, I now give further Notice regarding the de-registering of my current private conveyance, known to you by your mark “D321 FDX”, with yourselves.

I am no longer the lawful owner of the private conveyance previously known to you by your mark “N971 KPW”. You will soon receive one of your documents to this effect from the new owner, who may decide to scrap the car.

Notice of Understandings

Whereas I have previously detailed all my understandings in Notices to you and Andrea Black related to “N971 KPW” dated 25th November 2009, 20th January 2010 and 3rd February which were received by you via recorded delivery, and

Whereas I now state that all the above referenced understandings also apply in this case related to “D321 FDX”, and

Whereas you have previously failed to provide valid counter claim against me and I subsequently claimed estoppel, and de-registered my private conveyance “N971 KPW” I understand that unless you have new information by way of valid counter claim that I can lawfully now de-register “D321 FDX” in the same way, as not withstanding all my other justifications that you have been previously given Notice of, paying tax is illegal under

the civil legal system, as it makes us complicit in UK war crimes under the International Criminal Court Act (2001), as well as being unlawful under numerous international and other laws including English common law.

Notice of Intent

I therefore intend to continue to be duty bound to honourably decline any offers to contract with you, being a representative body of HM Government and I therefore now intend to de-register my current private conveyance known to you by your registration mark "D321 FDX" in the same way as I did with "N971 KPW".

Claim of Right

I claim the same rights regarding "D321 FDX", as given in writing via the previous, thoroughly detailed Notices regarding "N971 KPW" and hereby claim that all the same claims previously made, to which you could not provide valid counter claim, still apply and can be used to lawfully de-register "D321 FDX" for the same reasons.

I also claim the right to display a Notice in the window of "D321 FDX" explaining to any interested officials of the Crown why a current tax disc will NOT be displayed.

Notice Period

I hereby give Notice that I am of no fixed abode but if you consider that you have **new information** which can by way of valid counter claim now specifically address the understandings, intentions and claims I have previously made in relation to "N971 KPW" and now claim again in relation to "D321 FDX", you have **21 (twenty one) days** from the registered receipt of this notice to correspond with me to this effect via the previous owners address which you already have on file: 156 Cauldwell Hall Rd, Ipswich, Suffolk, IP4 5DB, and

Correct Addressing of Counter Claims

I also hereby give you Notice that any such correspondence must be addressed to the human man, "Paul of the family 'Haley' (this may alternatively be written as Paul : Haley) and not to any titled and/or capitalised 'legal person' such as MR. PAUL HALEY or Mr. P Haley or Mr Haley as this relates not to me the human man but to the legal fiction created via the registration of my birth, which was done unknowingly and without full disclosure by my parents (the details of my birth itself being merely here-say) and without my consent.

Any new counter claims against me must not merely reference any obligations of 'Persons' under 'Statutes' and 'Acts', these being merely instruments of the civil legal system (a system created by 'The State' and which requires the consent of the people to be governed by it), whilst this land is in perpetuity a Common Law jurisdiction, and because notwithstanding the other issues I have given Notice of, I have already served Notice as to the legal dilemma presented by the International Criminal Court Act (2001) and the other contradictory 'Acts' relating to the payment of taxes.

Accordingly this correspondence also acts as notice that because I am hereby giving

you Notice and forewarning of the above, any such incorrectly addressed/saluted correspondence will be returned unopened and unread and any standard/automatically computer generated or unspecific correspondence which do not make valid counter claim against the understandings, intentions and claims detailed here, and in my previous Notices, may be returned and estoppel claimed without resulting in dishonour and that only correctly addressed, specific and valid written correspondence will be dealt with.

Faithfully in honour with respect, and without prejudice

Paul of the family 'Haley'

Notice to principle is notice to agent and vice versa
